**Le fibre:** cotone, lino, seta sono fibre naturali utilizzate in purezza.

**I colori:** sono estratti dalle radici, le foglie e il legno di piante tintorie reperibili durante tutto l'anno: Campeggio, Robbia, Castagno, Mimosa, Solidago, Bixa ed Eucalipto. Il processo di tintura è completamente naturale senza utilizzo di composti chimici sintetici.

**Fibers:** cotton, linen and silk are natural and untreated fibers.

**The colours:** are extracted from the roots, leaves and wood of various dyeing plants available all year round: Blackwood, Madder, Solidago, Chestnut, Mimosa, Bixa and Eucalyptus. It's an entirely natural dyeing process with no synthetic chemicals.
